Remarks:*University subcontracts have been removed from the calculations.

**Please note that the proposed 26% SB goal cannot be reasonably increased due to the substantial amount of work required by FRA to successfully support services required for the Long Baseline Neutrino Facility (LBNF) and Proton Improvement Plan II (PIP-II) projects (both multi-million-dollar efforts) that increase our base.

***Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantage business (SDB) concerns.

****This information is contained in FRA's FY22 Small Business Subcontracting Plan.

*****Regular, recurring Procurement meetings and training will focus on these shortfalls with instructions on how to identify and award contracts to these socioeconomic suppliers.

*****Work to expand eCommerce suppliers driving orders through ICPT, DOE, and SCMC contracts.

*****Balanced Scorecard results are communicated to the Procurement Department team to critique the scoring results and discuss improvement opportunities.
